Dear Worcester County Library Supporter,

Great communities have great libraries and in Worcester County our libraries are the community hubs of our towns. Worcester County's libraries provide access to books, magazines, movies, music, public computers, and online resources. Each of our branch libraries is served by a knowledgeable and friendly library staff ready to assist our customers. And, with the Worcester County Library Foundation, our libraries make an important contribution to providing for the educational and cultural needs of our communities.

The Worcester County Library Foundation sponsors reading programs for children, after-school "Science, Technology and Mathematics" (STEM) programs, book discussion groups, lectures, musical performances, cultural excursions, and the annual performance of the Ballet Theatre of Maryland. The Foundation also provides scholarships to three graduating high school seniors to assist them in continuing their education and helps fund the acquisition of advanced technology and new library material in each of our branch libraries. The success of the Worcester County Library Foundation is reflected by the fact that program attendance has increased by 200% since the Foundation was established in 2005.

The Worcester County Library Foundation is asking for your help in carrying out its important mission. You and your family members are invited to become a member of the Foundation and support its efforts to provide enhanced library services as well as cultural and educational programs. Your tax deductible annual membership will help ensure the future of our libraries and our communities. A membership form and self-addressed envelope are enclosed for your convenience.

The Worcester County Library Foundation thanks you in advance for your support.

With warm regards,

Howard L. Sribnick
President, Worcester County Library Foundation, Inc.
